

Communications and Outreach Committee Minutes
August 23, 2021
TOLLAND BOARD OF EDUCATION

Members in Attendance: Christina Plourd; Co-chair, Co-Chair; Sophia Shaikh, Tony Holt
Administration in attendance: Dr. Willett

Administrative Attendees: Dr. Walter Willett, Superintendent

Meeting called to order 3:00 PM

Dr. Willett discussed in depth the safe return to in-person instruction and continuity of services plan linked below.

[TPS Safe Return to In-Person Instruction and Continuity of Services Plan](#)

The plan must get a public review every 6 months. Because things are constantly changing with state guidelines and mandates, the monthly internal covid update meetings with board membership will resume.

The communications committee will review what was discussed in these internal meetings through the Superintendent's report and further relay-information and updates-to the entire board and subsequently out to the community.

The committee discussed the understanding that there may be many opinions on what school should look like in the fall. It is recognized that the board must adhere to all state and federal statutes.

There was no public participation.

Meeting adjourned at 3:45 pm

Respectfully submitted,
Christina Plourd
